Subject: (Hopefully) working gentoo-template

Hello,

I've created an (hopefully) full working gentoo-template.
Because of a bug in gentoo-add_ip.sh (resolved in vzctl-3.0.0-3) you need to get also my fixed version of gentoo-add_ip.sh.

Gentoo-template
MD5sum for gentoo-template
gentoo-add_ip.sh

Please try it out and report if it's working or not.

TIA,
Steffen
