Hello,
One of our server seems to be very high load spiking.
22:17:00 up 3 days, 20:00, 3 users, load average: 105.77, 92.79, 68.33

The server Info is given below,
This server have 4 cpu's of optron duel

Cpulimit = 0 for all accounts

```
             total       used       free     shared    buffers     cached
Mem:         12151      12107         44          0         42       5994
-/+ buffers/cache:       6070       6081
Swap:         8001        475       7525
[root@VPS10 ~]# vzcpucheck -v
veid            units
