Subject: Re: yaird error when apply debian kernel image on sparc machine.
Posted by dev on Fri, 09 Feb 2007 16:49:04 GMT

wait, I don't suggest you to take 2.6.16 kernel! 2.6.18!!!
2.6.16 never supported SPARC!

can you provide me login to your machine? I can make it quickly
we also provided sparc64 machine to debian-openvz maintainer, so I hope it will be fixed in official
repository also.
