Let's make a list of openvz control panels Just make it easier for everyone to find, here's what I have found so far:

VMZ - By scythe
UrL: http://homaly.dunanet.hu/wvz/
Post: http://forum.openvz.org/index.php?t=msg&th=672&start =0&

OpenVZ control Panel - by rsaylor
URL: http://scripts.blurstorm.com/index.php?id=products
Post: http://forum.openvz.org/index.php?t=msg&th=230&start =0&

Webmin/Virtualmin
URL: http://www.webmin.com/index8.html
Post: N/A
Add-on Modules for OpenVZ: (just do a search for openvz here:)
http://webadminmodules.sourceforge.net/?page=Search&acti on=search

I haven't tried any of these yet, does anyone know if they include user GUIs for each VPS? or are they just server admin based?
Appreciate any help! and Keep the list going
Thanks
Nick

I have a problem co create new container.... this message from system :

Internal error: Command 'vzctl set 1 --userpasswd root:dodo' execution failed with code 47
Output: Starting container ...
Container is mounted
Unable to start init, probably incorrect template
Container start failed
Stopping container ...
Container was stopped
Container is unmounted

can you help me??? please...
i am using :
Host OS : centos 6.0 / openvz web panel / os server using ubuntu 8.04.
