Hi all,

Are there any good books around concerning linux kernel developement -
with
up to date infos for new 2.6 features like cgroups?

- Dietmar

Hi Dietmar,

for a first glance
http://git.openvz.org/?p=linux-2.6.24-openvz;a=blob_plain;f=Documentation/cgroups.txt;hb=HEAD

Gruss / Regards,
Thorsten Schifferdecker
