I follow wiki article at http://wiki.openvz.org/Monitoring_bandwidth_of_containers

Then, I don't know how to generate graph images from .rrd files I get??
Is there any complete article about this?

Thank you!

Hello,

I've never used rrdtool but I think
http://oss.oetiker.ch/rrdtool/
and
http://oss.oetiker.ch/rrdtool/doc/rrdgraph.en.html
would be useful
and also
