Hello,

I have a problem with slackware 10.2 template.
When i create a VM with this template i have this error :

Unable to open pty: No such file or directory

I just use the template, start the VM and i can't enter in it.

What can i do ?

When i create a VM with this template i have this error :

Unable to open pty: No such file or directory

I just use the template, start the VM and i can't enter in it.

What can i do ?

Hi,

Try to run this command and check if it helps :

vzctl exec veid /sbin/MAKEDEV pty
vzctl exec veid /sbin/MAKEDEV tty
vzctl enter veid

Thanks.
