I am sure that there some some mistakes, as I could not create the VE successfully

Could you please help me and check if this template is set correctly to match my settings of:

8GB Disk Space,
Guaranteed RAM: 384MB,
Max Burst (No Burst): 384MB,

```

Im not getting any errors.

I was hoping if you could check whether my configuration is correct.

for 384MB VPS you have too litle following resources imho:
AVNUMPROC="40:40"
NUMPROC="65:65"
NUMTCPSOCK="80:80"
NUMOTHERSOCK="80:80"
KMEMSIZE="9600:9600" (IT IS TOOOOO LITLE, 9Kb should be 9Mb at least)
PRIVVMPAGES="128000:131072" (!!! This means 512Mb, more than 384)

I would also increase dcachesize up to 5-7Mb.
