
Subject: [PATCH] Don't attach callback to a going-away netlink socket
Posted by [xemul](#) on Mon, 16 Apr 2007 11:34:52 GMT

[View Forum Message](#) <> [Reply to Message](#)

From: Denis Lunev <den@openvz.org>

There is a race between netlink_dump_start() and netlink_release()
that can lead to the situation when a netlink socket with non-zero
callback is freed.

```
