Subject: Re: Anyone tried to create a Centos-5-beta os template?
Posted by swindmill on Tue, 17 Apr 2007 20:19:45 GMT

I'm rather new to openvz, but am good at following tutorials and understand the underlying concepts to a certain degree.

Does the lack of a centos 5 template make it impossible (or impossible for someone "like me") to get openvz up and running on centos 5?

Thanks in advance.
