ebtables -A FORWARD --among-src 0:12:34:56:78:9a=192.168.0.10 -j ACCEPT

The kernel doesn't support a certain ebtables extension, consider recompiling your kernel or insmod the extension.

May 11 14:13:41 vm kernel: kernel msg: ebtables bug: please report to author: match->check failed

May 11 14:14:53 vm kernel: ebtables: among: wrong size: 1060against expected 1056, rounded to 1056
