Subject: E: You don't have enough free space in /var/cache/apt/archives/.
Posted by bitscraper on Sat, 26 May 2007 18:35:44 GMT

Hi,

I'm getting the error-

E: You don't have enough free space in /var/cache/apt/archives/.

when trying to install packages with apt-get using the pre-built template
debian-4.0-i386-minimal.tar.gz from the website. From what I can tell I have enough disk space-

Filesystem	1K-blocks	Used	Available	Use%	Mounted on
simfs	3848576	194816	3653760	6%	/
tmpfs	256752	0	256752	0%	/lib/init/rw
tmpfs	256752	0	256752	0%	/dev/shm

Does anyone know how to remedy this?
