Subject: Re: network performance Posted by rickb on Fri, 08 Jun 2007 07:12:54 GMT View Forum Message <> Reply to Message

This sounds rather fantastic !, but maybe too good.

Do you have the same performance (3x faster) if you reboot the same server into a non-openvz kernel?

I would say its more likely to be a minor hardware or physical layout difference between your servers (between the one that is 3x fast and 1x fast).
