---

Hello,  
Seems like vzpkgcache is leaving the temporary directories:

ls /vz/private

100001 100003 100005 100007 100009

100002 100004 100006 100008

Kernel version:

Linux awknet01.myvps.biz 2.6.18-8.1.4.el5.028stab035.1PAE #1 SMP Sat Jun 9 02:27:12 MSD  
2007 i686 athlon i386 GNU/Linux
