Subject: Re: Does OpenVZ have support for GrSecurity? Posted by joelee on Thu, 19 Jul 2007 13:59:04 GMT View Forum Message <> Reply to Message

One question came to mind and hope you can clarify for me. The issues with OVZ not supporting GrSecurity or SElinux currently - Is that only a issue for the HN or VE's as well.

Is there an issue to install GrSecurity on the VE itself.

Joe
