ugob wrote on Thu, 26 July 2007 11:35 It is not graphical, there is no interface. The only interface you can have is

<http://binarykarma.com/?q=node/1>

If you need a complete solution with GUI, you are better with virtuozzo, but it is not free.

Hypervm is very good  
have very good support  
i am very sure that soon hypervm go to high level  
if you sent one ticket to swsoft, they answered more of 3 day  
but in forum hypervm, lxhelp answer very lets. about 2 min  
for 2 vps is full free  
i installed this product on 5 dedicated server and i have test it  
if can find more information say to all

Thanks
