Subject: IPC NS tests ?

Kirill,

We are working on getting a few UTS namespace tests included in Linux
Testsuite Project (LTP) and were wondering if you (or anyone else) had
any test cases for IPC namespace.

If there are tests for IPC NS, can you share those tests with us ?
And, do you have any plans to push the tests into LTP ? If you plan
to push them into LTP, pls let us know if you need help.

Suka
