I've tested the ram with memtest86+ yesterday (16 hours) without any errors.

Today i got the same errors and also ioctl errors:

Sep 11 14:49:39 awknet01 kernel: ioctl32(perl:12866): Unknown cmd fd(3) cmd(40067408){00}
arg(08986f30) on /dev/tty

Sep 11 15:49:14 awknet01 kernel: ioctl32(perl:452): Unknown cmd fd(3) cmd(40067408){00}
arg(08986f30) on /dev/tty
