Subject: Kernel memory controller
Posted by Pavel Emelianov on Wed, 12 Sep 2007 12:20:19 GMT

Hi, Christoph.

I have fixed some BUGs in the controller, pointed out by
other reviewers and ported over the newer Morton's tree,
so now it is clear how this controller communicates with
the RSS+pagecache one.

If you haven't managed to review my first version of it,
maybe it's better that I send the second one?

Thanks,
Pavel
