Subject: Re: howto auto add VE veth to a HN bridge upon VE startup?
Posted by piavlo on Sun, 16 Sep 2007 12:07:01 GMT

OK just found out the vznetcfg script which sources the vznet.conf file, and runs
EXTERNAL_SCRIPT prior to bringing the veth device up.
 IMHO the vznetcfg script should be modified upstream to use
EXTERNAL_SCRIPT_PREUP and EXTERNAL_SCRIPT_POSTUP instead of just
EXTERNAL_SCRIPT to allow more granularity in configuring the
network devices.
