
Subject: Re: OpenVZ kernel based on
RHEL5 kernel-2.6.18-8.1.15.el5.x86_64.rpm?

will be built in a couple of hours.

BTW, the following fixes:

[linux-2.6-net-igmp-check-null-when-allocate-gfp_atomic-skbs.patch](#)
[linux-2.6-misc-bounds-check-ordering-issue-in-random-driver.patch \(CVE-2007-3105\)](#)
[linux-2.6-fs-reset-current-pdeath_signal-on-suid-execution.patch \(CVE-2007-3848\)](#)
are already in.

Thanks,
Kirill
