Subject: [PATCH] proc: Fix proc\_kill\_inodes to kill dentries on all proc superblocks  
Posted by [ebiederm](#) on Fri, 26 Oct 2007 17:48:55 GMT  
[View Forum Message](#) <> [Reply to Message](#)

---

It appears we overlooked support for removing generic proc files when we added support for multiple proc super blocks. Handle that now.

Since all of the relevant code is already inside of a spin\_lock we can just grab the superblock lock and walk through all of the instances of proc superblocks.

Heavy weight but it is simple and should work.

Signed-off-by: Eric W. Biederman <[ebiederm@xmission.com](mailto:ebiederm@xmission.com)>
