Hello,  
created one problem for us cpanel

in create new account :

[an error occurred while processing this directive]

Setting up Frontpage@...  
/home/create1/public\_html does not exist or is not a directory!

...Done

cpanel say to me :  
Hello,

You'll need to contact your VPS provider to resolve this for you. You seem to be hitting the VPS limit on the number of accounts your VPS can support.

Thank you.

how may i fixed it?
