Subject: git.openvz.org update
Posted by den on Tue, 20 Nov 2007 09:41:50 GMT

Hello, All!

Current set of patches has been accepted by Dave. git.openvz.org has been rebased to the current net-2.6.25 head. Our latest changes are also included.

Pavel starts to work with sysctl part of the changeset.

Regards,
 Den
