+Nothing in this license should be construed as a grant by SWsoft of any rights
+beyond the rights specified in the GNU General Public License, and nothing in
+this license should be construed as a waiver by SWsoft of its patent, copyright
+and/or trademark rights, beyond the waiver required by the GNU General Public
+License. This license is expressly inapplicable to any product that is not
+within the scope of the GNU General Public License
+
+-----
+
+  GNU GENERAL PUBLIC LICENSE
+    Version 2, June 1991
+
+  Copyright (C) 1989, 1991 Free Software Foundation, Inc.
+    59 Temple Place, Suite 330, Boston, MA 02111-1307 USA
+  Everyone is permitted to copy and distribute verbatim copies
+  of this license document, but changing it is not allowed.
+
+  Preamble
+
+  The licenses for most software are designed to take away your
+freedom to share and change it. By contrast, the GNU General Public
+License is intended to guarantee your freedom to share and change free
+software--to make sure the software is free for all its users. This
+General Public License applies to most of the Free Software
+Foundation's software and to any other program whose authors commit to
+using it. (Some other Free Software Foundation software is covered by
+the GNU Library General Public License instead.) You can apply it to
+your programs, too.
+
+  When we speak of free software, we are referring to freedom, not
+price. Our General Public Licenses are designed to make sure that you
+have the freedom to distribute copies of free software (and charge for
+this service if you wish), that you receive source code or can get it
+if you want it, that you can change the software or use pieces of it
```

+in new free programs; and that you know you can do these things.

+

+ To protect your rights, we need to make restrictions that forbid  
+anyone to deny you these rights or to ask you to surrender the rights.  
+These restrictions translate to certain responsibilities for you if you  
+distribute copies of the software, or if you modify it.

+

+ For example, if you distribute copies of such a program, whether  
+gratis or for a fee, you must give the recipients all the rights that  
+you have. You must make sure that they, too, receive or can get the  
+source code. And you must show them these terms so they know their  
+rights.

+

+ We protect your rights with two steps: (1) copyright the software, and  
+(2) offer you this license which gives you legal permission to copy,  
+distribute and/or modify the software.

+

+ Also, for each author's protection and ours, we want to make certain  
+that everyone understands that there is no warranty for this free  
+software. If the software is modified by someone else and passed on, we  
+want its recipients to know that what they have is not the original, so  
+that any problems introduced by others will not reflect on the original  
+authors' reputations.

+

+ Finally, any free program is threatened constantly by software  
+patents. We wish to avoid the danger that redistributors of a free  
+program will individually obtain patent licenses, in effect making the  
+program proprietary. To prevent this, we have made it clear that any  
+patent must be licensed for everyone's free use or not licensed at all.

+

+ The precise terms and conditions for copying, distribution and  
+modification follow.

+

+ GNU GENERAL PUBLIC LICENSE

+ TERMS AND CONDITIONS FOR COPYING, DISTRIBUTION AND MODIFICATION

+

+ 0. This License applies to any program or other work which contains  
+a notice placed by the copyright holder saying it may be distributed  
+under the terms of this General Public License. The "Program", below,  
+refers to any such program or work, and a "work based on the Program"  
+means either the Program or any derivative work under copyright law:  
+that is to say, a work containing the Program or a portion of it,  
+either verbatim or with modifications and/or translated into another  
+language. (Hereinafter, translation is included without limitation in  
+the term "modification".) Each licensee is addressed as "you".

+

+Activities other than copying, distribution and modification are not  
+covered by this License; they are outside its scope. The act of

+running the Program is not restricted, and the output from the Program  
+is covered only if its contents constitute a work based on the  
+Program (independent of having been made by running the Program).  
+Whether that is true depends on what the Program does.

+

+ 1. You may copy and distribute verbatim copies of the Program's  
+source code as you receive it, in any medium, provided that you  
+conspicuously and appropriately publish on each copy an appropriate  
+copyright notice and disclaimer of warranty; keep intact all the  
+notices that refer to this License and to the absence of any warranty;  
+and give any other recipients of the Program a copy of this License  
+along with the Program.

+

+You may charge a fee for the physical act of transferring a copy, and  
+you may at your option offer warranty protection in exchange for a fee.

+

+ 2. You may modify your copy or copies of the Program or any portion  
+of it, thus forming a work based on the Program, and copy and  
+distribute such modifications or work under the terms of Section 1  
+above, provided that you also meet all of these conditions:

+

+ a) You must cause the modified files to carry prominent notices  
+ stating that you changed the files and the date of any change.

+

+ b) You must cause any work that you distribute or publish, that in  
+ whole or in part contains or is derived from the Program or any  
+ part thereof, to be licensed as a whole at no charge to all third  
+ parties under the terms of this License.

+

+ c) If the modified program normally reads commands interactively  
+ when run, you must cause it, when started running for such  
+ interactive use in the most ordinary way, to print or display an  
+ announcement including an appropriate copyright notice and a  
+ notice that there is no warranty (or else, saying that you provide  
+ a warranty) and that users may redistribute the program under  
+ these conditions, and telling the user how to view a copy of this  
+ License. (Exception: if the Program itself is interactive but  
+ does not normally print such an announcement, your work based on  
+ the Program is not required to print an announcement.)

+

+These requirements apply to the modified work as a whole. If  
+identifiable sections of that work are not derived from the Program,  
+and can be reasonably considered independent and separate works in  
+themselves, then this License, and its terms, do not apply to those  
+sections when you distribute them as separate works. But when you  
+distribute the same sections as part of a whole which is a work based  
+on the Program, the distribution of the whole must be on the terms of  
+this License, whose permissions for other licensees extend to the

+entire whole, and thus to each and every part regardless of who wrote it.

+

+Thus, it is not the intent of this section to claim rights or contest

+your rights to work written entirely by you; rather, the intent is to

+exercise the right to control the distribution of derivative or

+collective works based on the Program.

+

+In addition, mere aggregation of another work not based on the Program

+with the Program (or with a work based on the Program) on a volume of

+a storage or distribution medium does not bring the other work under

+the scope of this License.

+

+ 3. You may copy and distribute the Program (or a work based on it,  
+under Section 2) in object code or executable form under the terms of  
+Sections 1 and 2 above provided that you also do one of the following:

+

+ a) Accompany it with the complete corresponding machine-readable  
+ source code, which must be distributed under the terms of Sections  
+ 1 and 2 above on a medium customarily used for software interchange; or,

+

+ b) Accompany it with a written offer, valid for at least three  
+ years, to give any third party, for a charge no more than your  
+ cost of physically performing source distribution, a complete  
+ machine-readable copy of the corresponding source code, to be  
+ distributed under the terms of Sections 1 and 2 above on a medium  
+ customarily used for software interchange; or,

+

+ c) Accompany it with the information you received as to the offer  
+ to distribute corresponding source code. (This alternative is  
+ allowed only for noncommercial distribution and only if you  
+ received the program in object code or executable form with such  
+ an offer, in accord with Subsection b above.)

+

+The source code for a work means the preferred form of the work for  
+making modifications to it. For an executable work, complete source  
+code means all the source code for all modules it contains, plus any  
+associated interface definition files, plus the scripts used to  
+control compilation and installation of the executable. However, as a  
+special exception, the source code distributed need not include  
+anything that is normally distributed (in either source or binary  
+form) with the major components (compiler, kernel, and so on) of the  
+operating system on which the executable runs, unless that component  
+itself accompanies the executable.

+

+If distribution of executable or object code is made by offering  
+access to copy from a designated place, then offering equivalent  
+access to copy the source code from the same place counts as  
+distribution of the source code, even though third parties are not

+compelled to copy the source along with the object code.

+

+ 4. You may not copy, modify, sublicense, or distribute the Program  
+except as expressly provided under this License. Any attempt  
+otherwise to copy, modify, sublicense or distribute the Program is  
+void, and will automatically terminate your rights under this License.  
+However, parties who have received copies, or rights, from you under  
+this License will not have their licenses terminated so long as such  
+parties remain in full compliance.

+

+ 5. You are not required to accept this License, since you have not  
+signed it. However, nothing else grants you permission to modify or  
+distribute the Program or its derivative works. These actions are  
+prohibited by law if you do not accept this License. Therefore, by  
+modifying or distributing the Program (or any work based on the  
+Program), you indicate your acceptance of this License to do so, and  
+all its terms and conditions for copying, distributing or modifying  
+the Program or works based on it.

+

+ 6. Each time you redistribute the Program (or any work based on the  
+Program), the recipient automatically receives a license from the  
+original licensor to copy, distribute or modify the Program subject to  
+these terms and conditions. You may not impose any further  
+restrictions on the recipients' exercise of the rights granted herein.  
+You are not responsible for enforcing compliance by third parties to  
+this License.

+

+ 7. If, as a consequence of a court judgment or allegation of patent  
+infringement or for any other reason (not limited to patent issues),  
+conditions are imposed on you (whether by court order, agreement or  
+otherwise) that contradict the conditions of this License, they do not  
+excuse you from the conditions of this License. If you cannot  
+distribute so as to satisfy simultaneously your obligations under this  
+License and any other pertinent obligations, then as a consequence you  
+may not distribute the Program at all. For example, if a patent  
+license would not permit royalty-free redistribution of the Program by  
+all those who receive copies directly or indirectly through you, then  
+the only way you could satisfy both it and this License would be to  
+refrain entirely from distribution of the Program.

+

+If any portion of this section is held invalid or unenforceable under  
+any particular circumstance, the balance of the section is intended to  
+apply and the section as a whole is intended to apply in other  
+circumstances.

+

+It is not the purpose of this section to induce you to infringe any  
+patents or other property right claims or to contest validity of any  
+such claims; this section has the sole purpose of protecting the

+integrity of the free software distribution system, which is  
+implemented by public license practices. Many people have made  
+generous contributions to the wide range of software distributed  
+through that system in reliance on consistent application of that  
+system; it is up to the author/donor to decide if he or she is willing  
+to distribute software through any other system and a licensee cannot  
+impose that choice.

+  
+This section is intended to make thoroughly clear what is believed to  
+be a consequence of the rest of this License.

+  
+ 8. If the distribution and/or use of the Program is restricted in  
+certain countries either by patents or by copyrighted interfaces, the  
+original copyright holder who places the Program under this License  
+may add an explicit geographical distribution limitation excluding  
+those countries, so that distribution is permitted only in or among  
+countries not thus excluded. In such case, this License incorporates  
+the limitation as if written in the body of this License.

+  
+ 9. The Free Software Foundation may publish revised and/or new versions  
+of the General Public License from time to time. Such new versions will  
+be similar in spirit to the present version, but may differ in detail to  
+address new problems or concerns.

+  
+Each version is given a distinguishing version number. If the Program  
+specifies a version number of this License which applies to it and "any  
+later version", you have the option of following the terms and conditions  
+either of that version or of any later version published by the Free  
+Software Foundation. If the Program does not specify a version number of  
+this License, you may choose any version ever published by the Free Software  
+Foundation.

+  
+ 10. If you wish to incorporate parts of the Program into other free  
+programs whose distribution conditions are different, write to the author  
+to ask for permission. For software which is copyrighted by the Free  
+Software Foundation, write to the Free Software Foundation; we sometimes  
+make exceptions for this. Our decision will be guided by the two goals  
+of preserving the free status of all derivatives of our free software and  
+of promoting the sharing and reuse of software generally.

+  
+ NO WARRANTY

+  
+ 11. BECAUSE THE PROGRAM IS LICENSED FREE OF CHARGE, THERE IS NO  
+WARRANTY  
+FOR THE PROGRAM, TO THE EXTENT PERMITTED BY APPLICABLE LAW. EXCEPT  
+WHEN  
+OTHERWISE STATED IN WRITING THE COPYRIGHT HOLDERS AND/OR OTHER PARTIES  
+PROVIDE THE PROGRAM "AS IS" WITHOUT WARRANTY OF ANY KIND, EITHER

EXPRESSED

+OR IMPLIED, INCLUDING, BUT NOT LIMITED TO, THE IMPLIED WARRANTIES OF  
+MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE. THE ENTIRE RISK AS  
+TO THE QUALITY AND PERFORMANCE OF THE PROGRAM IS WITH YOU. SHOULD THE  
+PROGRAM PROVE DEFECTIVE, YOU ASSUME THE COST OF ALL NECESSARY  
SERVICING,  
+REPAIR OR CORRECTION.

+

+ 12. IN NO EVENT UNLESS REQUIRED BY APPLICABLE LAW OR AGREED TO IN WRITING  
+WILL ANY COPYRIGHT HOLDER, OR ANY OTHER PARTY WHO MAY MODIFY AND/OR  
+REDISTRIBUTE THE PROGRAM AS PERMITTED ABOVE, BE LIABLE TO YOU FOR  
DAMAGES,  
+INCLUDING ANY GENERAL, SPECIAL, INCIDENTAL OR CONSEQUENTIAL DAMAGES  
ARISING  
+OUT OF THE USE OR INABILITY TO USE THE PROGRAM (INCLUDING BUT NOT LIMITED  
+TO LOSS OF DATA OR DATA BEING RENDERED INACCURATE OR LOSSES SUSTAINED  
BY  
+YOU OR THIRD PARTIES OR A FAILURE OF THE PROGRAM TO OPERATE WITH ANY  
OTHER  
+PROGRAMS), EVEN IF SUCH HOLDER OR OTHER PARTY HAS BEEN ADVISED OF THE  
+POSSIBILITY OF SUCH DAMAGES.

+

+ END OF TERMS AND CONDITIONS

+

+ How to Apply These Terms to Your New Programs

+

+ If you develop a new program, and you want it to be of the greatest  
+possible use to the public, the best way to achieve this is to make it  
+free software which everyone can redistribute and change under these terms.

+

+ To do so, attach the following notices to the program. It is safest  
+to attach them to the start of each source file to most effectively  
+convey the exclusion of warranty; and each file should have at least  
+the "copyright" line and a pointer to where the full notice is found.

+

+ <one line to give the program's name and a brief idea of what it does.>

+ Copyright (C) <year> <name of author>

+

+ This program is free software; you can redistribute it and/or modify  
+ it under the terms of the GNU General Public License as published by  
+ the Free Software Foundation; either version 2 of the License, or  
+ (at your option) any later version.

+

+ This program is distributed in the hope that it will be useful,  
+ but WITHOUT ANY WARRANTY; without even the implied warranty of  
+ MERCHANTABILITY or FITNESS FOR A PARTICULAR PURPOSE. See the  
+ GNU General Public License for more details.

+

- + You should have received a copy of the GNU General Public License
- + along with this program; if not, write to the Free Software
- + Foundation, Inc., 59 Temple Place, Suite 330, Boston, MA 02111-1307 USA
- +
- +
- +Also add information on how to contact you by electronic and paper mail.
- +
- +If the program is interactive, make it output a short notice like this
- +when it starts in an interactive mode:
- +
- + Gnomovision version 69, Copyright (C) year name of author
- + Gnomovision comes with ABSOLUTELY NO WARRANTY; for details type `show w'.
- + This is free software, and you are welcome to redistribute it
- + under certain conditions; type `show c' for details.
- +
- +The hypothetical commands `show w' and `show c' should show the appropriate
- +parts of the General Public License. Of course, the commands you use may
- +be called something other than `show w' and `show c'; they could even be
- +mouse-clicks or menu items--whatever suits your program.
- +
- +You should also get your employer (if you work as a programmer) or your
- +school, if any, to sign a "copyright disclaimer" for the program, if
- +necessary. Here is a sample; alter the names:
- +
- + Yoyodyne, Inc., hereby disclaims all copyright interest in the program
- + `Gnomovision' (which makes passes at compilers) written by James Hacker.
- +
- + <signature of Ty Coon>, 1 April 1989
- + Ty Coon, President of Vice
- +
- +This General Public License does not permit incorporating your program into
- +proprietary programs. If your program is a subroutine library, you may
- +consider it more useful to permit linking proprietary applications with the
- +library. If this is what you want to do, use the GNU Library General
- +Public License instead of this License.
