SLAB allocator, x86_64 host

Before the patch:

ip6_dst_cache 384 10

xfrm_dst_cache 384 10

ip_dst_cache 384 10

After the patch:

ip6_dst_cache 384 10

xfrm_dst_cache 384 10

ip_dst_cache 384 10

Regards,

Den
