Subject: Re: Can not suspend VE with nfs mounts - even with bind mounts to HN
Posted by piavlo on Wed, 26 Dec 2007 08:56:09 GMT

 Sorry for a delayed reply , i was overwhelmed with other stuff
with the patch applied and bind mounts the suspend and live migration work ok.
 Will this patch be applied to the official openvz patch set?
 Any news with implementing support for native nfs mount suspend?

 Thanks
 Alex
