Quote:1. Which centos5 metadata have you used?

Template cache:

<http://download.openvz.org/template/precreated/contrib/centos-5-i386-minimal.tar.gz>

CentOS5 Template Metadata package:

<http://forum.openvz.org/index.php?t=getfile&id=389&>

Quote:2. Full log of vzyum session.

Where would I find the full log of vzyum session?
