Subject: Re: Ping DNS From VE & Enable Internet Posted by Desigen on Fri, 11 Jan 2008 12:53:45 GMT View Forum Message <> Reply to Message

Hi, are you sure that you build a Bridge in your HN machine ?

Follow this : http://wiki.openvz.org/Using_private_IPs_for_Hardware_Nodes

Also, make sure your iptables on HN allow VE to forward packets : http://wiki.openvz.org/Bridge_doesn't_forward_packets

Finally, can you ping your VE from HN AND what about ping VE from any computer outside it zone

Enjoy !
