Hi Peter,

Thanks for the reply. Fortunately, have now got multicast working - see thread on the Support forum at http://forum.openvz.org/index.php?t=tree&goto=26332&#msg_26332 for the details.

Unfortunately, now the HN network connectivity disappears for a couple of minutes when I stop the VE. Have posted a question on this on the Support forum too: http://forum.openvz.org/index.php?t=tree&goto=26576&#msg_26576. Anyway, will investigate further !
