Subject: Re: Can't get GIT tree to work
Posted by kir on Mon, 17 Apr 2006 15:40:44 GMT

Indeed this command shows there are some unreachable objects -- as our git maintainer explained those are some rollbacked commits.

Still, there is no single object that you were not able to get mentioned in this list.

We will try to investigate the issue; it would be helpful if you can give the exact sequense of commands to get the same error(s) you got.
