I've seen the same yesterday:

```
Feb 8 14:02:22 zut kernel: Symbol sys_open is marked as UNUSED, however this module is
using it.
Feb 8 14:02:22 zut kernel: This symbol will go away in the future.
Feb 8 14:02:22 zut kernel: Please evaluate if this is the right api to use, and if it really is, submit a
report the linux kernel mailinglist together with submitting your code for inclusion.
