Subject: Re: trying to install image magick via yum i get error Error: hal conflicts with kernel < 2.6.17 Posted by maratrus on Wed, 20 Feb 2008 06:33:16 GMT View Forum Message <> Reply to Message

Hi,

I suppose that it is some dummy package inside VPS which provides kernel capability. Try to rpm -q --whatprovides kernel inside VPS. And try to remove that package.
