Subject: Disk quota inside ve Posted by dmn42 on Tue, 01 Apr 2008 09:11:46 GMT View Forum Message <> Reply to Message

I know its very silly, but I cant setup disk quotas inside ve. I'm using this manual http://www.debian-administration.org/articles/47 - and I stop on adding 'usrquota' in fstab. I've tried to add it into mtab, but in seems to be overwritten on ve startup. Host system in debian etch, template debian-4.0-minimal. What should I do?
