
Subject: [RFC PATCH 4/4] Container Freezer: Skip frozen cgroups during power management resume

Posted by [Matt Helsley](#) on Thu, 03 Apr 2008 21:03:20 GMT

[View Forum Message](#) <> [Reply to Message](#)

When a system is resumed after a suspend, it will also unfreeze frozen cgroups.

This patch modifies the resume sequence to skip the tasks which are part of a frozen control group.
