Dear All

I would like to announce the release of WebVZ 1.5. This new version has a login module where only administrators can use the system.

WebVZ is a light web based control panel (277.0 KB) only

The features of WebVZ are available on this link:

<http://webvz.sourceforge.net/features.html>

It is available for download from <http://webvz.sourceforge.net/download.html>

Screenshots: <http://webvz.sourceforge.net/screenshots.html>

For more information please direct your questions to webvz.info@gamil.com
or discuss them on WebVZ google group: <http://groups.google.com/group/webvz>
