Dear All

I checked my kernel's .config file.

I found CONFIG_NFSD=m.

But I start nfs server is failed.

Always tell me "nfsd[5962]: nfssvc: No such device"

I don't want to recomplie kernel again.

Did you have any suggest?

Thanks

vzctl version 3.0.22 ovzkernel version 2.6.18-53.1.13.el5.028stab053.10ent #1 SMP
