Hi,

Quote:

```
# ulimit -a  
Linux git.inl.fr 2.6.18-028stab053 #1 SMP Fri Feb 15 16:06:31 CET 2008 x86_64 GNU/Linux
```

Very weird output. Are you sure that is was "ulimit -a" (from inside the VE) command may be "uname -a".
