Subject: system limits Posted by John Kelly on Thu, 11 May 2006 01:47:04 GMT View Forum Message <> Reply to Message

For my needs, openvz appears to offer a better solution than xen. But I worry about system limits:

http://www.redhat.com/archives/rhl-devel-list/2006-April/msg 01356.html

With a large number of threads/pids, is it true? Can I exhaust 32 bit virtual address space?
