Subject: Re: Problem with Networking - VENET Interfaces not Configured
Posted by maratrus on Thu, 05 Jun 2008 12:21:53 GMT

Hi,

Quote:
"not syncing: attempted to kill init"

May be it's related to the workaround described here
http://wiki.openvz.org/Modifying_initrd_image

Quote:
Trying to install .18 kernel rpm on my current Fedora 8 i386, I get a warning about a non-existing
module, I think pata_amd.

Are you sure that that module is not compiled to kernel?
