Subject: Re: DRBD version?

Posted by Kirill Korotaev on Wed, 18 Jun 2008 06:12:58 GMT

AFAIK, 8.0 is a stable branch. though sure update to 8.0.12 is required long ago...
But in reality, I was simply asked to include exactly this versions by the developers
working with DRBD.
If they believe it must/can be updated to 8.2 branch - why not?
