hi,  
I just made an opensuse 11.0 template, if you want to try it:  
[http://jb.giraudeau.info/fileadmin/user\\_upload/openvz/opensuse-11.0-i386-default.tar.gz](http://jb.giraudeau.info/fileadmin/user_upload/openvz/opensuse-11.0-i386-default.tar.gz)  
or see
