I wasn't planning on taking a long lunch at the mini-summit.

But if a bunch of people attending reply to this email saying we should go, it would be a nice chance to meet the attendants of the other mini-summits (<http://www.linuxsymposium.org/2008/minisummits.php>)

Subject: LS Mini Summit Update (18/07/08)

Hi,

We are going to be doing a group lunch at a restaurant that is approx. 10 minutes walk from the mini summit venues. What we would like to do is extend lunch to 1.5hrs just to allow for people to get to and from the location. So lunch will be from 12h30 - 14h00. We have extended the rooms until 19h00 so hopefully this doesn't impact anyone's schedule.

If you could please email your registered attendees and get 100% confirmation from them it would be greatly appreciated so that we can plan everything accordingly. It can be Monday AM EST at the absolute latest but this weekend would be fantastic. If it is easier, just have them email me directly with their confirmation and which mini summit they are attending since I am sure that most of you don't want to spend the weekend going through emails. :-)

If you have any questions please don't hesitate to contact me.

Cheers,

C.
