excuse for misleading:  
/etc/vz/conf/CTID.conf - is the configuration file of your container (/etc/vz/conf/101.conf in our case).

Hi maratrus,

I found this file on the VM.

```
[Host]# ls /etc/vz/conf/  
0.conf  ve-vps.basic.conf-sample  
101.conf ve-light.conf-sample
```

Thanks
