weird disk space errors sometimes come up when copying to a vee straight from the main machine. SimFS is not aware, so you need to reset quota.

I don't know if that has anything to do with your problem, nevertheless... Think there is a wiki page too...

... yup:

http://wiki.openvz.org/Disk_quota%2C_df_and_stat_weird_behavior#Other_reasons_of_strange_numbers

(only bottom section)

Good luck,
L.
