Thanks for the suggestion. I tried but it is still complaining about the kernel sources:

```
make[1]: Entering directory `/usr/src/zaptel-1.4.12.1'
echo "You do not appear to have the sources for the 2.6.18-92.1.1.el5.028stab057.2 kernel
installed."
You do not appear to have the sources for the 2.6.18-92.1.1.el5.028stab057.2 kernel installed.
