Thank You Kir

have Nice day

kir wrote on Sat, 08 November 2008 22:49You're all set. The error you get ("/etc/init.d/vz: line 200: echo: write error: Broken pipe") is actually not an error but some harmless warning, which is fixed by the following patch:

http://git.openvz.org/?p=vzctl;a=commitdiff;h=79f91681e87b352a7511f52283105295c6e3a258

You can either safely ignore it or apply the patch.
