Subject: Re: [SOLVED]: CentOS 5.2 HN and VPS - man and less problems in VPS Posted by Peter Machell on Sun, 15 Mar 2009 05:22:32 GMT View Forum Message <> Reply to Message

Had exactly the same problem on Debian 4, after following the migration guide from P2V.

Luckily found your post. Removing and re-creating /dev/tty has also fixed this for me - thanks!
