Subject: Re: Debian — kernel error Posted by cookie on Fri, 10 Apr 2009 09:28:26 GMT View Forum Message <> Reply to Message

Thanks for the hint!

When maxcpus = 4 the problem is solved.

Correction of errors: http://bugs.debian.org/cgi-bin/bugreport.cgi?bug=500876 but I do not understand how can I patch the kernel to work all 8 cores.

Tell as patch the kernel?
