Subject: Meetme admin mode
Posted by jadhav_rahul on Fri, 17 Apr 2009 11:53:38 GMT

Hi all,
I am a beginner in asterisk. I am going through the meetme application to implement the conference. i just want to know what is the difference between
1. setting the admin mode by using option 'a' in dial plan and
2. entering into the conference room by using conference admin PIN.

Thanks in advance,
Rahul.
